Responses to last question asking for any other suggestions and comments

I would like to see the group meeting up more frequently and strengthening internal relationships as well as reaching outwards to the wider community to make new friends and social networks. Over the past decade, creative arts projects and social outings have proved an excellent way of achieving these outcomes.

Hoping that everybody understood the German "commands".
Auf Wiedersehen!

Need for volunteers (I could be a befriender, for example)

Help get more women and to meet up more

It's a pleasure interacting with such a professionally run group and try to interact with the group as much as I can.

Lesbian women are ignored and become invisible within this group, those who try to make a difference are blocked by men who dominate the agenda and outlook of the group, leaving them no option but to leave.

I attend nothing as I work and u don't seem to do much for people who do

Maybe when I make friends on a odd Saturday Maybe 1 or 2

May want to come and visit my deaf cafe.

Don't worry I can hear and lots like can I have lots of information to share about hearing and want to learn lots having come out last Nov...I got fed up of hiding my true self

Thanks. Glad the group is here.
